Dramatic Context enquiries (03) 9426 5223 theatre@onemusic.com.au www.onemusic.com.au

Popular artists and bands often perform and record songs from a wide variety of composers and songwriters, many of whom may not be household names. For that reason, it is difficult to provide a definitive list of unavailable works. However, as a guide to assist in preparation for a production, we have put together the following list of artists, composers and publisher catalogues, whose compositions may be **NOT AVAILABLE FOR USE** or are **GO DIRECT** in Dramatic Context productions.

Please contact our team at theatre@onemusic.com.au with your song list and we will provide you with your music availability and next steps to ensure that you are appropriately licensed for your production.

Please note, this applies to the copyright in the composition ONLY. For sound recording enquiries, contact the Phonographic Performance Company of Australia (PPCA). They can be contacted on (02) 8569 1100 or www.pcca.com.au.
